EXPERIENCE

Math Tutor

December 2016- PRESENT

I have been an independent math tutor for nearly 10 years.

I have also worked for a number of different companies to provide math and computer science tutoring services, including:

- University of Oregon
- Code Ninjas
- Magikid Irvine

Curriculum Design

August 2021 - PRESENT

I have designed and implemented curriculum mostly for K-8 grade students. My experience includes:

- **Champions Daycare** - *Daily interactive activities for 30 students K-5*
- **Magikid Irvine** - *Game Design and Math lessons for 1-1 / small groups*
- **Independent** - *Shortened Summer Math Class for 1-1 tutoring*
- **Code Ninjas** - *Game Design & Video Editing group lessons*

Designing Systems for taking Data

July 2022 - June 2024

At Tiffany Home Design, I created an inventory system for a furniture warehouse using Stageforce

At Hallinan Elementary, I created individualized behavior tracking forms for each of our students. This included Excel or internal data and Google Forms for external data and parent communication.

EDUCATION

University of Oregon, Mathematics & Computer Science

September 2018 - June 2020 & September 2024 - August 2025

Cumulative GPA: 3.6

At the University of Oregon I am earning a Bachelors in Math & Computer Science with a minor in Business Administration

SKILLS

Patience

Communication

Performs well in high pressure environments

Leadership

Data Analysis

Problem-Solving

Technical Writing
